

**CITY OF SPRINGFIELD, FLORIDA
RESOLUTION NO.: 2009-08**

BE IT RESOLVED by the people of the City of Springfield, acting through their duly elected City Commission, that the Board of County Commissioners of Bay County, Florida, is urged to adopt a uniform, county-wide ordinance requiring the utilization of a point and time of sale electronic record keeping and reporting system related to purchases of certain products containing ephedrine, pseudoephedrine, and/or phenylpropanolamine; implementing said system with required participation by all retailers of such products operating within the county, provided that the customer's identifying information to be reported is already required to be recorded and reported by otherwise applicable law; making unlawful and imposing penalties upon persons selling or offering to sell such products without using the system, provided that failure of the system to operate properly through no fault and without the knowledge of the defendant is a complete defense; and making unlawful and imposing penalties upon persons giving false identification to purchase such products;

BE IT FURTHER RESOLVED that such ordinance shall be effective within the City of Springfield.

PASSED AND ADOPTED in regular session this 5th day of October, 2009.

CITY OF SPRINGFIELD
